GHOST HUNTING AT PENNHURST ASYLUM

BOUDOIR

On the most haunted floor open to the public in this abandoned asylum in Philadelphia, Nicki decides to shed her clothes and find the ghosts au natural. She picks up a black lace shawl she found abandoned in the room, trying to project her psychic powers beyond the dark veils of her emotions to the shadows that seek to communes with her. Venturing from behind the veil, she begins to explore the other rooms. Suddenly, as I snap a picture, we both hear a sound. Nicki bounds down the hall to the source. Alas she found nothing, but still hears the calls. In the end we all just go into the light.

Black and white have a quality uniquely their own, here I try to emulate the style of Hurrell and other period masters and yet bring a twist of passion to the series. Playing on the light of the period and the more relaxed sensuality of today, and the sense of emotion that it yields.
